Glowies and horned fags: Crime doesn't make America great. If you're promoting criminal acts, you aren't MAGA. If you're promoting criminal acts, you'll fit in better with Antifa. The minute you start encouraging criminals acts, you ain't us.

33 Who the fuck are you? You don't speak for "us."

Quit concern trolling. It's not a criminal act to defend the country for infiltrators who stole it. it's a criminal act to stand by and watch and do nothing.

Quit being a faggot.

15 Jefferson was very clear that it is a duty of the population to keep their government and country in check and to institute new, just governments as necessary.

I agree with op, criminals aren't welcome here

it is not criminal to stand up for your rights, either

-8 "Jefferson was very clear that it is a duty of the population to keep their government and country..."

Riiiiight and how did the founders do that? Did they meticulously design and implement EVERY FUCKING ASPECT OF A GOVERNMENT, making every diplomatic effort to LEGALLY proceed, or did they just bust into Nancy's fucking office, horns and all? These people are frauds, just by being able to chat here after going through all of 2020 claiming they would do something.

9 Ever heard of the Boston Tea Party

permalink parent save report block reply

▲ [Dr0neRec0very](#) [S] 2 days ago +1 / -9

-8 "Ever heard of the Boston Tea Party" Yes. (Here comes the sarcastic part). IN FACT, every bit of

harbor. This is *always* the solution, because it was the solution once. No need to be legitimate or anything. Sarcasm aside, the Boston Tea Party was an event, not part of the process. You could just as easily try to legitimize the cruelty of the British; without it, there would have been no inspiration for American liberty. Don't miss the point here: there WAS a meticulous process in the formation of this nation that didn't involve getting the more *naive* patriots into unnecessary antics that served only as bad optics. Now, *sometimes* the mob can't be stopped... and *sometimes* the mob is *manipulated* like a herd.

5 ▼ Yea it was an event that's the point. Tensions between the enough American born Brits and their government, that everyday people were starting to get antsy and restless. So then the other Americans, starting to feel the same way, took to a diplomat way to try to break ties with their hated government.

-4 ▼ "took to a diplomat way" <--- This is where law started and 'the mob' ended. You can check in with George Washington about that over at the Whiskey Rebellion. The Capitol appears to have not worked out the B.T.P. way despite great numbers on the patriot side throughout the country. I would suggest this is because the Capitol events were manipulated.

▲ **Ben45** 2 days ago +6 / -1

5 ▼ Less manipulation more fake news

There's plenty of video of police letting the protesters in and the protesters just waltzing around. The only violence was the murder of Ashli Babbitt and a couple scruffles. The Founding Fathers were able to ultimately win a war against Britain because it was obvious that the general population was heading towards a violent route. Because our Founding Fathers were some of the greatest leaders in history, they stood up and organized a country and population to reasonably fight for independence.

If it wasn't for events like the Boston Massacre and the Tea Party, our Founding Fathers would not have felt justified in making openly treasonous accusations towards their government.

0 Nope youre just a gigantic fucking pussy who is so terrified of the tyrannical government you dont even want other people discussing the need to fight to save the nation.

▼ By every metric this government is illegitimate, overthrowing them is our right and our sacred duty according to the supreme law of the land.

No. You haven't. That's because you THINK you're a General, when you're rea even a private... or you're just fucking fake. ✓

▼ **Nope** im doing my best to prepare and try to get patriots on their asses before its too late, whereas you are equating fighting a tyrannical government with criminal activity and doing your best to keep everyone sitting on their hands as though its business as usual.

Theres a big difference.

So You dont know what a FAGAT is - hint you're one

Your childlike reasoning that someone "hasn't done anything" just because they don't offer you incriminating evidence of themselves engaging In Direct action to satisfy you EGO TRAP is both obtuse, aloof, idiotic and disingenuous.

You're attempts to make it an ego contest reveal your true intentions - YOU ARE A DEMORALIZATION SHILL HAWKING APPEASEMENT through a thin veil of childish insults and well documented trolling patterns.

While you're willing to get online, attempting to compel some naive DECENT people into making retarded life choices, you EVIDENTLY have not acted according to the standards you profess. In other words, you're a deceitful coward, and a PHONY. You're simply not what you imagine or imply yourself to be, or we would have learned otherwise at some point through 2020. Lame.

1 Stopping criminal Antifa members dressed up as MAGA from false flagging and destroying the historic statues and art housed in the Capitol, which would have let the MSM, RINOs, and DEMS blame MAGA for it - when the "Authorities" stood down and just watched, is heroic and made some BASED FUCKING PATRIOTS. Did you help save the building too, or were you just home watching it on TV and think you know the full story?

1 MAGA Patriots saved the Capitol building and all the art inside that day, KLANtifa's plan was to burn it down, trash the place, topple and destroy the irreplaceable statues- and then lay the blame on Trump and us. but go ahead and keep thinking you "KnOw ThE pLaN" are can interpret thousands of people's individual motives from a few clips you saw that we're edited and posted online....if you weren't there you wouldn't know, Period.

1 "MAGA Patriots saved the Capitol building" That's a nice story. It would've been a much nicer story if agitators, who were very obviously run by Washington crooks, would have compelled the president to declare an emergency, seizing military control before the marxists had the chance. Instead, the naive crowd thought it might be nice to follow the agitators into the building as capitol police stood down. -> You are here. <- The Capitol Building itself is only worth the corrupt Maoist puppets that it covers.

"but go ahead and keep thinking you 'KnOw ThE pLaN'" I didn't say any fucking thing like that to you, smart-aleck. Here's what I know: don't do stupid things in stupid places at stupid times.

▼ "The crowd didn't run security at the doors," Here's something strange: The US Capitol has *more than one door!!!* D'= Pretty wild, right!? See, by watching the numerous videos published to this forum (and others), we can see a variety of people behaving in a variety of different ways: there's no need to pretend there was 100% consensus in the crowd, because that would be bullshit. At one door, there are scags trying to bust in windows. We can see damage they did inside the building. We can hear our patriots telling them to stop before they even REACH the police on the other side of the door. We can hear our patriots shouting and rightly calling out the CRIMINAL fakes.
